25X1A

[REDACTED] GS-3, Clerk
Dispatch & Pouch Section, RI, FI, DD/P

A. Summary of Suggestion

Suggester proposed the construction and use of a removable bulletin board to educate typists of the Dispatch and Pouch Section in the proper method of typing new items - thus eliminating unnecessary trips to the Supervisor for information on format.

B. Summary of Evaluation

25X1A

SUGGESTION NO. 58-369: dated 28 February 1958

[REDACTED], GS-3, Clerk
Dispatch & Pouch Section, RI, DD/P

A. Summary of Suggestion

In D&P Section of RI, ditto sheets are used daily to record the station and quantity of wrapped packages sent from that office. The typists merely copy these figures and destroy the ditto. Suggester proposes using a piece of clear plastic and a grease pencil in lieu of this ditto paper.

B. Summary of Evaluation

On 28 March 1958, Chief, RI, [REDACTED] stated:

"The subject suggestion has been reviewed in the Records Integration Division and is considered to be worthy of adoption, inasmuch as the procedure has been put into effect.

"An evaluation of the procedure suggested has demonstrated only a limited advantage over the previous system. However, it was considered to be sufficient to install the procedure. The benefits are considered to be intangible and at best are of slight benefit with limited extent."

C. Recommendation of Executive Secretary

1. Not in line-of-duty (GS-3 Clerk)

IR, OCR, DD/I

A. Summary of Suggestion

Suggester proposes that shuttle bus service be extended to include a stop at the IBM School at 19th & M Sts., N.W. for employees attending classes at this school.

B. Summary of Evaluations

On 21 March 1958, Chief, Business Machines Services, [REDACTED] stated:

STATINTL

"The Agency has employees attending classes at the IBM school at 19th & M sts. practically every day.

"I do not feel that it would be practical to reroute the bus to drop the students off at the school, but it would be a good idea if the bus could drop students off at 18th & L Sts. on the morning run to 1016 16th St."

On 3 April 1958, Chief, Admin. Staff, OL, [REDACTED] stated:

STATINTL

"A service as proposed in this suggestion would not be practical for two reasons:

1. The present bus schedule is now operating near capacity and the suggested rerouting would throw the entire shuttle bus schedule out of line which would, in turn, inconvenience a larger number of employees.
2. The present limitation on manpower and equipment will not permit expanding the current bus schedule without a compensating curtailment of service. Experience has indicated that any such curtailment, or significant change in schedules, gives rise to numerous complaints from the employees affected.

"However, the establishment of a flag stop at the Southeast corner of 18th and L Streets on the regular Northbound bus trip would be practical and will be done. With this arrangement, the employees attending the IBM School would have only a short walk to and from classes.

SUMMARY AND RECOMMENDATIONS TO THE CHAIRMAN

30 April 1958

25X1A 25X1A SUGGESTION NO. 58-423: dated 19 March 1958
[REDACTED] T., GS-6, Mail & File Clerk
[REDACTED] FE, DD/P

A. Summary of Suggestion

Suggester proposed that Headquarters indicate on the pouch manifest, subsequent to the usual description of the document, the word "PRIORITY", to enable the individual checking the material to immediately ascertain whether or not priority material is in that particular pouch.

B. Summary of Evaluations

On 19 March 1958, Chief, FE Division, [REDACTED], stated:

25X1A

"This suggestion . . . should be quite useful. The priority indicator on dispatches has not been as successful in speeding up the handling of such dispatches as could be desired. The inclusion of this information on the manifest should be a helpful addition."

25X1A On 11 April 1958, Chief, RI, [REDACTED] stated:

"The subject suggestion . . . is considered to be worthy of adoption."

"The savings resulting from the implementation of this suggestion are considered to be intangible in nature and while the procedure will apply to all field stations, the number of dispatches forwarded as 'priority' are limited. Therefore, for award purposes, any benefits are considered to be slight and of limited application."

C. Executive Secretary's Recommendation

SUGGESTION NO. 58-432: dated 26 March 1958

[REDACTED]

GS-7, Secretary

A. Summary of Suggestion

Suggester proposed changing the position of the Abstract File Slip, attached to Routing and Record Sheets, from the right to the left hand side of the router, and to start the "TO" column on line 2 so that that information would not be covered up by the Abstract File Slip.

B. Summary of Evaluations

On 11 April 1958, Chief, RI, [REDACTED], stated:

25X1A

"The subject suggestion...is considered to be worthy of adoption in part.

"The same problem was encountered in the handling of other documents in the RI Division and was alleviated through the adoption of the procedure as submitted, with exception that the abstracts will continue to be affixed to the documents in the upper right hand corner. RI will begin the initial routing in a space directly below the abstract but will continue to place the abstract in the upper right hand portion of the document.

"Benefits resulting from this suggestion are considered to be intangible, of slight benefit and limited application."

STATINTL

A. Summary of Suggestion

Suggester proposes a method of converting the 082 sorter to an 083 sorter for use in OO.

B. Summary of Evaluations

Suggester states that one such conversion has already been made and another is about to be made at a savings of approximately \$148.00.

STATINTL

The Office of Logistics, [REDACTED] stated:

A. Summary of Suggestion

Suggester proposed that the Office of Training conduct a course to aid students in the improvement of their ability to write various types of compositions within short time limits.

B. Summary of Evaluations

STATINTL

On 17 April 1958, [REDACTED] Intelligence School, OTR, stated:

"...The kind of writing training suggested is not being given in some measure in the Writing Workshop course... available to all professional personnel of the Agency.

"...Suggestion No. 58-470 has the merit of indicating that in these specialized Writing Workshop sections, some stress should be placed on writing to meet deadlines."
